The qualifying supervision activities may include:

1. direct, real-time observation of the SCABA implementing behavior analytic assessment and intervention procedures with clients in natural environments and/or training others to implement them, with feedback from the supervising LBA; and

B. More frequent supervisory activities may be necessary as determined by the LBA or SCABA dependent on the level of expertise displayed by the SCABA, the practice setting, and/or the complexity of the patient/client caseload. 2. Camera surveillance of sessions in which a supervisor only views the sessions remotely and communication occurs via text-messages, electronic mail, or other written or typed communication is allowed as additional supervision, but is a non-qualifying supervision activity

C. Supervision requirements for part-time practice, less than 30 hours per week, may be modified at the discretion of the board upon approval of the submitted plan. Additional modifications of the format, frequency, or duration of supervision may be submitted for approval by the board.

AUTHORITY NOTE: Promulgated in accordance with R.S. 37:3706-R.S. 37:3708.
